Objective:

My primary objective is to glorify God through pastoral ministry, where I can utilize my gifts of preaching, exhortation and evangelism to advance His kingdom. I understand my primary function to be fulfilling the Great Commission (Matthew 28:19-20). My primary goal is to present every man complete in Christ through exalting the Savior, edifying believers and evangelizing the world (Col 1:28-29).

Ministry Goals:

Since my conversion, it has been a burden to see souls converted and transformed by the power of the Word of God, “which performs its work in those who believe” (1 Thess. 2:13). My desire is to see a strong local church built up and mobilized in an urban community, which would then be able to extend its ministry to the immediate area and beyond (Eph. 4:11-16).

Strengths & Abilities:

- **Preaching:** Passionately proclaiming the once for all delivered faith in a clear, convincing, and relevant manner, through biblical exposition.
- **Evangelism:** Enthusiastically heralding the life transforming gospel of grace alone, through faith alone, in Christ alone, to the Glory of God alone.
- **Leadership:** Sacrificially providing servant leadership and humbly calling others to imitate me as I follow the example of Christ.
- **Counseling:** Compassionately offering hope in the sufficiency of Jesus Christ and His Word.
